

FALL at K9S ... 2009

Although we really don't want to admit that the summer is over (maybe an Indian Summer is on the way ?) we hope everyone's summer play time at K9 Sense was fun.

We had some great events this past season : A disc workshop and USDDN Qualifier put on by ADDCO, a Westie Western Fundraiser put on by the local Westie Rescue Group, and still to come is the 2nd Annual Golden Retriever Rescue Picnic.

There were numerous groups of friends and competitors over to play in their sport of choice : agility, flyball and disc ... outside as well as in the loft.

With the summer heat the kiddie pools and hose were well used and the cool down/warm up field had dogs-a-runnin' around most days.

K9S will be undergoing a small renovation this fall (installation of a second staircase to the loft) so please pardon any mess and inconvenience. The original staircase and K9S space is still available to book during construction. Thanks in advance for your patience.

Our schedule at K9S will be similar to last year the equipment in the agility ring outside will move up to the loft approx. Oct. 15th. We will work with Mother Nature on that one and will try to keep everyone informed on the exact timing.

The flyball equipment will stay in the loft and be available all winter long.

Has this year's dipping economy hit K9S ? NO WAY !!!! :-)
We will be offering indoor green fee passes again this year at last year's rate of \$200 (October-May, 9am-6pm Monday to Friday, full days Saturday's and Sunday's, barring pre-scheduled/pre-booked classes) and if a pass is not for you and your pup ? Our hourly rates will also stay the same. We hope this will help you and your furry pals to continue playing all winter long.

Thanks to everyone for coming out to play at K9S and here's to all the fun ahead !!!
